INDEPENDENT AND PROGRESSIVE

Baldwin Directory Company, Inc., publisher of the Thomasville City Directory, is an independent organization, in no way connected with any national association, combination or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future as in the past Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, publisher of the Thomasville City Directory, takes pleasure in presenting the 1935 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have confidence in the continued growth of Thomasville and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. A new edition will be issued promptly every two years in association with the Thomasville News and Times.

The Thomasville directory is a fine example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization has been the pioneer. The excellent city directory which Thomasville now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal departments of the Thomasville directory are as follows:

1. *The Miscellaneous Directory,* which starts on page 11, contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials, and other valuable data.

2. *The Buyers' Guide, Civic Section and Professional Blue Book,* which starts on page 21, is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

3. *The Resident Directory,* which starts on page 55, contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. *The Householders' Directory and Telephone Guide,* which starts on page 205, gives the names of all householders arranged as they come upon the streets and avenues, and gives the telephone number at each house.

5. *The Business Directory and List of Nationally Advertised Brands,* which starts on page 227, contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are listed the names of nationally advertised brands of merchandise, with the name of the local agents and distributors.

6. *The Numerical Telephone Directory,* which starts on page 205, is a valuable reference list in every business office.

7. *The Rural Routes Directory,* which starts on page 243, is used constantly in reaching rural residents with advertising matter and other mail.

SPECIAL A B C D FEATURES

The following valuable information is used in the A B C D type of directory, but not in the old-fashioned city directory:

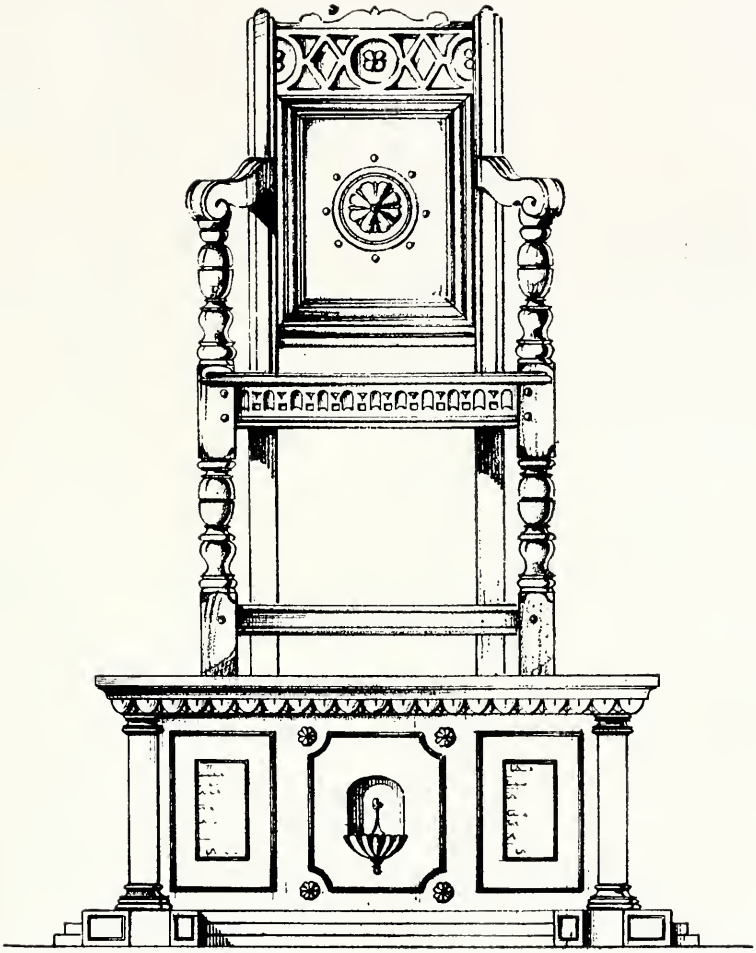

Number of dependents under 16;
Designation of home ownership;
Telephone Numbers on Street Guide;
Numerical Telephone Directory;
Nationally Advertised Brands;
Rural Routes Directory.

In addition to these valuable additions, the A B C D type of directory is more conservatively styled, printed on better paper and more durably bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the A B C D type of directory made one more bold stroke—they established a guaranteed *home* circulation for all advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community through the local Merchants Association. Every advertisement which appears in a Baldwin city directory also appears in the Householders' Supplement, making the Baldwin directory "the greatest dollar-for-dollar advertising medium in the South" today.

LARGEST CHAIR IN THE WORLD

This beautiful chair will be constructed soon and placed in the center of Thomasville's business section. It will be more than 42 feet in height, including the base.

Thomasville

"THE CHAIR TOWN"

By R. M. Cooksey,
City Manager

Lying in the very heart of the Carolina Piedmont section, Thomasville has had a phenomenal growth in the past two decades, its development being one of the outstanding examples of expansion in the entire state. Its population today is given by government estimators at approximately 11,000, the city having doubled its population with each of the past three decennial census enumerations.

Growth

Its growth has been coincidental with the industrial expansion of southern states, and particularly the Piedmont in the 10 years following the war. The development of the furniture industry from the making of chairs to the production of a complete line of household furniture might be given as the chief factor, and the increase in the number and

output of hosiery mills in the section has drawn hundreds of families yearly to Thomasville.

History

The first authentic records of the city began in 1855 when a general store was set up at the cross - roads. Several families moved to the location and the North Carolina Railroad, now the Southern, was built through the village. Construction of the road had been brought through the site of the present city by John W. Thomas, then a state senator, for whom the city was named.

Industries

The foundation of the present furniture industry was laid in 1870 when a small factory was built to engage in the manufacture of chairs, and in a small way numerous other plants sprang up in the succeeding years. In 1904 the fore-runner of the present Thomasville Chair Company, the largest single industry in the city, was founded, absorbing various other plants in the course of time. In addition to this company the Standard Chair Company and Thomasville Furniture Company are among the city's leading industries,

giving employment to around 2000 hands.

The making of cotton yarn in the city developed later with the organization of the present Jewel Cotton Mill, and the Amazon Cotton Mill, the latter one of the plants of the world-known Cannon Towel Company. In 1916 the first hosiery mill was founded by A. H. Ragan, known as the Ragan Mill, Pickwick Hosiery Co., and the Fremont Hosiery Co. A dozen other small plants, including a box factory and furniture plant provide additional employment. There are also mattress factories, a concrete pipe and block plant, a flour mill, and numerous others, numbering, in all, 28 factories.

Government

The present form of city government was adopted in 1915 when the council-city manager plan was approved, and it has operated since that time with increasing satisfaction. The city tax rate has been kept to the low point of 19 mills, while the total bonded indebtedness of the city is less than two million dollars, and this though the city has miles of paved streets and sidewalks; three modern school buildings; one of the largest water supply systems of any city in the state regardless of size; two sewerage disposal plants; a modern fire department and numerous other modern facilities.

The total property valuation of the city is estimated at $15,000,000, while the assessed valuation is $7,800,000.

Schools

In the 35 years since the first graded school was opened in 1900 followed by the first school building in 1902, the school system of the city has grown to an outlay valued at $300,000, and school enrollments increased from a small handful that year to nearly 2500 in 1934. A modern high school and grade school of 34 rooms provides training for one-half of the city and a newer building of 16 rooms cares for grade pupils in the opposite ward. A combined grade and high school for colored pupils likewise has a large enrollment.

Water Supply

Credited with one of the finest water supply systems in the state, Thomasville has just increased the capacity of the system by the addition of a million gallon storage tank in the center of the city where it will provide an instant supply of water for all needs of the city even though some unforeseen accident should close down the pumping station or destroy the principal feed mains for a protracted period. A pump station capable of producing more than a million gallons a day was erected in 1925.

Railroads

In addition to the main line of the Southern Railroad between New York and New Orleans, the city is on the H. P. T. and D., connecting link with other railroads, while two main highways between east and west and from north to south intersect in the heart of the city.

Churches

Six of the chief denominations have churches in the city—Methodist, Baptist, Presbyterian, Reformed, Lutheran and Methodist-Protestant, while a modern hospital cares for the area within a radius of several miles. A well-stocked library and an active Rotary Club are among other civic features.

CREATIVE ADVERTISING is OUR BUSINESS

The creation of ideas to sell by direct mail is featured at our establishment.

We have served thousands of satisfied customers during the many years we have been in the printing business. We have created original ideas which have increased the business of our clients to their entire satisfaction.

Write us today and we will be glad to go into your advertising problems with you.

THE EMBLEM *OF QUALITY*

PUBLISHERS OF BOOKS THAT SELL

We have published from time to time many and varied types of books which have had exceptional sales. We are of the opinion that any printer can set type, but comparatively few can plan a book.

Let us figure with you when you are in the market for anything in the printing or publishing business.

We handle publications such as weekly papers, monthly magazines, college annuals; medical, historical, or any other form of books.

The printing of folders in one color or the many colors of Nature for hotels and cities is a specialty with us.

Printing, publishing, ruling and binding that pleases.

Resident Directory

1935

Containing the full name, husband or wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age, residing in Thomasville.

The publishers wish to express their appreciation to the business and professional establishments for the splendid co-operation and valuable assistance given them in the preparation of this volume.

A list of the abbreviations used in this directory will be found on page 56 and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory and checked with material supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

For Population of Greater Thomasville see Page 2

Number of dependents under 16 is indicated after name.

On the page following are listed abbreviations used in this volume. In addition to words listed, standard abbreviations are used for proper names.

BALDWIN DIRECTORY SERVICE IS UNIQUE!

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin organization. Business firms using Baldwin directory service are unanimous in their acclaim of its many unique features.

AMERICA'S FINEST DIRECTORIES

BALDWIN DIRECTORIES OFFER TREMENDOUS ADVERTISING VALUE THROUGH THE NEW HOUSEHOLDERS' SUPPLEMENT WHICH IS PRESENTED TO THE HOMES

Baldwin Directory Co.

Incorporated

125 MEETING STREET CHARLESTON, SOUTH CAROLINA

The Greatest D
Advertising Va

A conspicuous and attractive advertisement can be purchased in any Baldwin directory at an extremely reasonable price. When making up his budget for publicity the wise advertiser will remember the many special features of Baldwin service. He will take into consideration the large home circulation, the convenient arrangement of the display space, the excellence of the printing and binding and the number of times the directory is actually referred to each day of the year.

The primary purpose of the Baldwin organization is, of course, the supplying of accurate and reliable directory information promptly and regularly at the lowest possible cost consistent with good service. For this reason it is possible to price the advertising space far below the amount which would be charged on the basis of value if the book were primarily an advertising medium. *There is no advertising medium in the South today which offers as much actual advertising value per dollar invested as Baldwin city directories.*

EVERY BALDWIN DIRECTORY MUST CONFORM STRICTLY TO THE SPECIFICATIONS PREPARED BY BALDWIN DIRECTORY CO., INC.

The Baldwin organization is ever on the alert for suggestions and recommendations which may increase the value of its service. At all times it co-operates with the local Chamber of Commerce, Merchants Association, newspapers and commercial organizations. Its work is carefully planned and painstakingly executed.

All information supplied is authentic; a double-check system is used to insure accuracy. Trained census managers and enumerators check and re-check all data which appears in the city directory. The information is secured by a house-to-house canvass of the territory covered.

THE HOUSEHOLDERS' SUPPLEMENT

The Householders' Supplement is carefully prepared to meet the requirements of the home. It contains a complete business directory of the city, a civic section with full-page announcements and photographs of the larger churches, clubs, libraries, schools, public buildings and civic institutions and a list of nationally advertised brands of merchandise with the name and address of the local agent or distributor.

Newspapers, Chambers of Commerce, Merchants Associations and Others Interested in Further Information Concerning Baldwin Directories Should Write to:

llar - for - Dollar
ue in the South

Every advertisement appearing in a Baldwin City Directory will be found also in the Householders' Supplement. The distribution plan for the supplement is thoroughly worked out and each copy is personally presented by a representative of the civic and commercial organizations of the city. The homes receiving copies of the supplement are carefully selected and there is very little dead circulation; almost every copy is referred to daily. *The live circulation of a Baldwin directory advertisement is actually from five to ten times that of an advertisement appearing in an average city directory, and the Baldwin distribution is primarily in the home.*

SPECIAL FEATURES

In addition to all of the regular departments usually found in city directories, Baldwin directory service offers many exclusive features. Some of these are as follows:

1. All home owners are designated in the alphabetical resident directory and also in the street guide.
2. The number of children under 16 is shown after the name of the head of each family.
3. A numerical telephone directory is given.
4. A telephone guide arranged by streets is included.
5. Each nationally advertised brand of merchandise is listed under the proper business classification, with the name and address of the local agent or distributor.
6. Full page announcements, with photographs when possible, of all the larger churches, clubs, lodges, schools, libraries and other civic institutions are included in a special civic section.
7. The directory covers not only the city itself but also the smaller settlements and towns in the territory immediately adjacent.
8. The book is beautifully and durably bound in imitation leather.
9. Directory stands are installed in all public places so that the general public may have access to the directory at all times without cost.
10. An exact census is taken of each community and the directory gives the population.
11. The advertising is conveniently arranged to give the subscriber and the advertiser the best possible service.
12. A Householders' Supplement is issued in each city for the use of individuals in their homes. This gives the Baldwin directory a circulation five to ten times greater than the average directory.

The Asheville Advocate

ASHEVILLE, N. C.

January 1, 1935

Mr. Robert Morton Baldwin
87 Patton Avenue
Asheville, North Carolina

Dear Mr. Baldwin:

I am more than pleased with the public response to the newspaper announcement that 3000 copies of the Householders' Supplement of the 1935 City Directory will be presented to the homes of Asheville and surrounding trade territory by the Asheville Merchants Association. Already they have received several hundred letters requesting that copies of this useful and attractive volume be reserved.

The Householders' Supplement will serve two purposes: (1) It will furnish to the homes a well-arranged book of miscellaneous information and a complete buyers' guide of the city, which will be cherished in later years as a 1935 souvenir of Asheville. (2) It will supply to the business firms a tremendously valuable medium of advertising at a very low cost. It is my opinion that through the supplement you have solved the difficult problem of raising sufficient money to pay for an accurate and complete city directory regularly. Business men are not reluctant to spend money for something of real worth.

I was glad that the Asheville Chamber of Commerce and the Asheville Merchants Association endorsed the Baldwin directory. You have many unique features which will greatly increase the usefulness of the book. I find that most firms are particularly interested in your designation of home owners in the resident directory and also in the street guide, listing of the number of children under 16 in each family, numerical telephone directory and street telephone guide.

The presentation of the supplement at each home by a personal representative of the Merchants Association will greatly increase the public interest in the directory and I am confident that next year we will have thousands of directory enthusiasts among the householders of Asheville. I am more than pleased to be associated with you in the publication of a directory of this character.

Very truly yours,

H. H. Thomas

Southern Printing and Publishing Company

CHARLESTON, SOUTH CAROLINA
Established 1853

CREATIVE ADVERTISING is OUR BUSINESS

The creation of ideas to sell by direct mail is featured at our establishment.

We have served thousands of satisfied customers during the many years we have been in the printing business. We have created original ideas which have increased the business of our clients to their entire satisfaction.

Write us today and we will be glad to go into your advertising problems with you.

THE EMBLEM  *OF QUALITY*

PUBLISHERS OF BOOKS THAT SELL

We have published from time to time many and varied types of books which have had exceptional sales. We are of the opinion that any printer can set type, but comparatively few can plan a book.

Let us figure with you when you are in the market for anything in the printing or publishing business.

We handle publications such as weekly papers, monthly magazines, college annuals; medical, historical, or any other form of books.

The printing of folders in one color or the many colors of Nature for hotels and cities is a specialty with us.

Printing, publishing, ruling and binding that pleases.

Numerical Telephone Directory 1935

Containing a list of telephone subscribers arranged according to telephone numbers. The information listed below was obtained by a house-to-house canvass and is offered for the convenience of subscribers to the City Directory. Since telephone numbers change rapidly, it is suggested that persons using this list refer to the latest edition of the regular telephone directory issued by the Thomasville Telephone Company, in order to verify the information contained herein.
